

BD SLITTER

Application : 4 shafts auto turret exchange, suitable for slitting/rewinding
OPP packaging & stationery tapes.

Specification :

Machine Width : 1.0M/1.3M/1.6M

Max. Unwind O.D : 800mm

Machine Speed : 200M / Min

Min. Slitting Width : 12mm

Max. Rewind O.D : 4 shafts exchange 150mm

Rewind Paper Core I.D : 26 – 77mm, (1" core is only available on 1.3M unit)

Paper Core Loader

Feature :

1. Equipped with connected unwind base, which is convenience on operation and space saving.
2. Rewinding by 4 shafts exchange automatically, which is for easy operation and heavy production.
3. Slitting by razor blade and air score knife, in which were designed to slit various adhesive tapes.
4. Driven by one A.C motor with 2 stages type length counter to make machine stops accurately.
5. Rewind tension is controlled by clutch, it works with differential shafts to make tension on each roll the same even when the web thickness is un-even at all.
6. Finished rolls unload and paper cores reload working by core loader, it increases full production capacity.

Optional Parts :

1. Core Alum. Mold : It is needed when slitting different sizes, any sizes can be made on your request.
2. Unwind Pick-Up Lift : For loading jumbo roll on the machine quickly and time saving.
3. Tabbing Device : Automatic tabbing on the web during the production.
4. Noise Reduction Hood : For attenuating the production sound when the machine is running.
